

## RESOLUTION NO. 364

### A RESOLUTION OF THE WOODINVILLE CITY COUNCIL, REPEALING RESOLUTION 357, ESTABLISHING REVISED DEVELOPMENT SERVICES FEES.

---

**WHEREAS**, the City Council has supported a bi-annual review of fees and charges to ensure that the fees and charges are appropriate for the service provided, and

**WHEREAS**, the City Council after review desires to update and modify the fees and charges for applications and activities administered by the development services department established by Resolution 357, and

**WHEREAS**, the City Council has determined that the fee schedule attached hereto proposed by city staff is consistent with the fees assessed by neighboring jurisdictions and in the public interest;

**NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF WOODINVILLE, WASHINGTON, HEREBY RESOLVES AS FOLLOWS:**

**Section 1.** Effective July 15, 2009, the Woodinville City Council hereby repeals the City of Woodinville Development Services fees established by Resolution No. 357 and the fees and charges attached as Attachment A are hereby adopted by this reference.

**Section 2. Severability.** If any section, sentence, clause, or phrase of this Resolution or any provision of the fee schedule incorporated herein, should be held to be invalid or unconstitutional by a court of competent jurisdiction, such invalidity or unconstitutionality shall not affect the validity or constitutionality of any other section, sentence, clause or phase of this Resolution.

RESOLVED this 16<sup>th</sup> day of June 2009.

## Building Permit & Plan Review Fees

### Valuation

The valuation listed on the application is an estimate of the fair market value of construction including all labor and materials and may not be the same valuation determined by the Plans Examiner during review. The Plans Examiner calculates valuation using the most current edition of the Building Valuation Data (BVD) Square Foot Construction Costs Table published by the "Building Safety Journal", Woodinville's regional modifier (2009 1.033), and gross square footage. **Formula used to calculate valuation: Cost per square foot for each occupancy group & type of construction x regional modifier x gross square footage.**<sup>1, 2</sup>

### Cost Per Square Foot of Construction

**New construction, shell buildings, additions, garages, utility and miscellaneous structures, unfinished basements, decks and porches, etc:** As set by the most current Building Valuation Table Square Foot Construction Costs Table published by the "Building Safety Journal".

**Alteration & Equipment:** The valuation listed on the application shall be used concurrent with the approval by the Building Official.

**Tenant Improvement:** As set by the most current Building Valuation Table Square Foot Construction Costs Table published by the "Building Safety Journal" minus 20%.

### Permit & Plan Review Fees

**Building Permit Fee:** Based on valuation and Building - Table 1-A

**Building Plan Review Fee:** 65% of the building permit fee (paid when the application is submitted)

The building plan review fee paid covers the costs for the initial building review and two (2) resubmittal (revision) reviews. If after the second resubmittal review, the application is not approved, additional building plan review fees shall apply. In addition, when there are significant changes to the scope of work, change in occupancy, square footage, design, or other elements, a new plan review fee at 65% of the permit fee may be required. The building plan review fee does not include additional plan review such as: fire, engineering, planning, drainage, transportation, peer or consulting. An hourly fee is charged for additional plan reviews.

**Fire Plan Review:** 15% of the Building Plan Review Fee (paid at application) or hourly fee depending on the type of permit.

### Additional Fees

**Field Change:** \$75.00 fee (per field change) + hourly review fee + Consultant's fee (when applicable)

**Impact Fees:** The Applicant pays the impact fee amount in effect at the time of building permit issuance. All impact fees are paid prior to building permit issuance. **Traffic Impact Fees (TIF)** - All persons receiving a building permit for new commercial, industrial, and residential buildings shall be required to pay an impact fee. Building permits for tenant improvements, additions/alterations, and changes in use require a TIF review and impact fees may apply. **Park Impact Fees (PIF)** - All persons receiving a building permit for new residential dwelling units shall be required to pay a Park Impact Fee for each new dwelling unit. **School Impact Fee (SIF)** - Contact the Northshore School District 425 408-7850. School impact fees are paid to the Northshore School District and a copy of the receipt is submitted with the building application.

**Investigative Fee:** Equal to the permit fee amount. Additional inspection and consulting fees may apply. An investigative fee shall be assessed when work is initiated, started, or completed prior to obtaining required permit(s).

**Peer & Consultant Review:** Hourly fee

# City of Woodinville Fee Schedule 2009

**Additional Plan Review:** Hourly fee (includes direct and indirect costs+ consulting fees).

**Technology Fee:** \$5.00 per application

**WSBCC (State Building Code Fee):-** \$4.50 per building permit For projects involving multiple residential units within a single building, an additional \$2.00 per unit will be required.

**Hourly Fees (includes direct and indirect costs):** See DS Staff Hourly Rates

1 The International Code Council provides the data used in the Building Valuation Data (BVD) Table published by the "Building Safety Journal" at six-month intervals. The BVD Table provides average costs of construction for most buildings and does not take into account any regional cost differences. The average costs include foundation work, structural and nonstructural building components, electrical, plumbing, mechanical and interior finish material.
