Thank you David. Having been a long time resident of Woodinville, until we moved to Trilogy. I think this AMU ZONING really will be good for the City.

Best regards,

Bill Hegger

The Council did not make any decisions last night. They set it up for some possible decisions on November 3<sup>rd</sup>. The minutes are not posted until they are approved at the next meeting which would be November 3<sup>rd</sup>. After approval on the 3<sup>rd</sup> they are posted within a couple of days. A better way to follow what happened last night is to go online, look at the Woodinville City Council and click on agenda for last night. It will play the entire meeting for you in both audio and video. Let me know if you need help.

Good morning Dave.

10/21/15

RE: Last night's meeting

Will the minute of the meeting be published to the web site today? Any further movement of AMU?

Best regards,

Bill Hegger
