

PLANNING COMMISSION RECOMMENDATIONS

Comprehensive Plan / Parks, Recreation and Open Space Plan March 18, 2015

The Planning Commission voted to recommend the approval of Ordinance 591 as amended at its meeting on March 18, 2015. Ordinance 591 would adopt the Comprehensive Plan under the Growth Management Act. Ordinance 591 would also replace the Parks, Recreation, and Open Space Plan (also summarized as an element in the Comprehensive Plan). Based on the motion to adopt Ordinance 591 as amended, this documents lists the amendments in summary form. Under separate cover, the track change version of the Planning Commission Recommendations, Draft Comprehensive Plan (March 2015) is meant to carry out the recommendations. A revised Exhibit 40, Appendix B, showing a comparison of the 2009 Comprehensive Plan and the Planning Commission recommendations is also provided.

COMPREHENSIVE PLAN RECOMMENDATIONS

1. Selection of Alternative 2, Option 1, presented in Exhibit 2.
 - Revision to reduce Regional Retail Overlay to cover only the area north of 200th.
2. Recommend Draft Comprehensive Plan, November 2014, with the following revisions:
 - **Land Use Element**
 - Exhibit 6, policy addition on view corridors from SR-202 to the Sammamish River every 500 feet.
 - Exhibit 26, revision to Goal LU-7, replace the word “cohesive” with “well-designed”
 - **Transportation, Utilities, and Natural Environment Elements**
 - Transportation: Exhibit 6A, replacing Chapter 6.
 - Transportation, Utilities and Natural Environment: Exhibit 24, Addressing fish passage barriers and river enhancement programs.
 - **Multiple Elements**
 - Element Comparisons: Exhibits 40 and 43
 - PSRC Responses to Comments – Exhibit 57 (exhibit numbering corrected during meeting)
 - Staff errata to correct Parks inventory:
 - Add open space property (0.75 acres).
 - Does not significantly affect our LOS analysis.
 - **Capital Facilities Element – Sewer Policies**
 - Remove this policy (November 2014 Draft Number 6.1): Encourage conversion from on-site wastewater disposal systems as sewer lines become available.

Note: The November 2014 Appendix A introductory language indicated that the results of fall 2014 outreach would be added. Therefore we have done so in the Planning Commission Recommendations version of the Plan.

PARKS, RECREATION AND OPEN SPACE PLAN RECOMMENDATIONS

- Adopt Parks, Recreation and Open Space Plan (fall 2014at links below), with similar edits as for Parks Element in Comprehensive Plan above. These changes include, but are not limited to:
 - Amending Figure 2 showing the future land use plan by replacing it with Alternative 2 Option 1 per Comprehensive Plan changes above.
 - Amending Appendix C and corresponding text with edits to correct the open space inventory and add Alternative 2 information as appropriate per Comprehensive Plan changes above.
- Draft 2014 Parks, Recreation, and Open Space Plan, Ordinance No. 591
 - Draft 2014 Parks, Recreation, and Open Space Plan, Ordinance No. 591
 - Appendix A: Existing Parks, Recreation, and Open Space Inventory
 - Appendix B: 2012 Parks, Recreation, and Open Space Survey
 - Appendix C: 2014-2024 Park Level of Service & Needs Assessment
 - Appendix D: 2014-2024 Parks Capital Improvement Plan (CIP) Projects
 - Appendix E: Bicycle/Pedestrian Planning Framework
 - Designated Recreational Bicycle/Pedestrian Routes

Revised Exhibit 40, Appendix B. **Woodinville Comprehensive Plan Elements Goals and Policies Comparison**

INTRODUCTION

The Woodinville Comprehensive Plan Update is intended to meet State and regional planning requirements, advance the Community’s long-term vision, respond to trends and meet the City’s changing needs and aspirations, and to be streamlined and more readable. All Current Comprehensive Plan (2009) elements were screened for compliance (see Appendix C) with State and regional requirements, and were updated with concise inventories drawn from the [Revised Draft Existing Conditions Report](#), November 2014.

The purpose of this Appendix B is to provide a comparison of existing and proposed goals and policies in response to comments requesting a change list or comparison of the current and proposed plan. Each element is addressed with notes and referenced policies that correspond. Policy concepts are largely retained from the Current Comprehensive Plan as seen below. In the effort to streamline some of the policy concepts were merged or combined or broadened.

As a result of the review, there are a few suggested additions, shaded in gray that would make more direct reference to concepts in the Current Plan and we recommend their addition. The additions cover compatibility of land uses of adjacent jurisdictions, essential public facilities, gateway identification, protection of archaeological resources, emergency preparedness, water conservation, and wildlife corridors. Though there are broader goals and policies that may cover these topics more or less, we believe it would strengthen the plan to incorporate these current policies.

In redline we update the numbering and status based on Planning Commission recommendations made on March 18, 2015 and confirmation of amended policy numbering.

LU 1.1 Preserve the character of existing neighborhoods in Woodinville while accommodating the state's 20-year growth forecasts for Woodinville.	See Policies LU-1.2, LU-2.1, and LU-7.4 as well as Policy H-3.
LU 1.2 Encourage future development in areas: 1. With the capacity to absorb development (i.e., areas with vacant or underdeveloped land and available utility, street, park, and school capacity, or where such facilities can be cost effectively provided), and 2. Where adverse environmental impacts can be minimized; and where such development will enhance the area's appearance or vitality.	See Policy LU-1.1.
LU 1.3 Phase development and supporting municipal services together in an organized, cost-effective manner.	See Policy LU-1.1 and Policy LU-1.4.
LU 1.4 Coordinate with adjacent jurisdictions to ensure compatible land uses in areas along contiguous boundaries.	See Policy LU-1.6 regarding general coordination across a number of topics for eastside communities. <i>Consider adding a policy under Goal LU-1 for more direct policy: <u>Coordinate with adjacent jurisdictions to ensure compatible land uses in areas along contiguous boundaries.</u></i> <i>Planning Commission Recommendation: Added new policy LU-1.10.</i>
GOAL LU-2: To establish land use patterns, densities, and site designs that encourage less reliance on single-occupant vehicle travel.	See Goal LU-3 and related policies and Goal LU-4 and related policies addressing healthy living, connectivity, and multiple modes of travel.
LU-2.1 Provide a compatible mix of residential and commercial land uses downtown to: 1. Make it possible for people to safely walk or bicycle to work and shopping, 2. Reduce reliance on automobiles and reduce commuting time and distance, 3. Make area transit service more viable, and 4. Provide greater convenience for residents.	See Policy LU-9.1 and Policy LU-4.1.
LU 2.2 Connect residential, open space, and recreation areas by an appropriately planned network of streets, walkways, bicycle paths, and utility corridors.	See Goal LU-4 and associated policies as well as Policy LU-3.2.
LU 2.3 Encourage the most intensive residential and employment land uses along major transportation routes to support transit service.	See Policy LU-1.1, Goal LU-3 and Goal LU-4, Policy LU-4.3, and Policy LU-4.4. See also Goal T-5 and related policies in the Transportation Element.

LU 2.4 Encourage development of a transit system and facilities that link the Town Center Neighborhood and the Tourist District.	See Goal LU-4 and Policies LU-4.5 and LU-4.6.
GOAL LU-3 To attain a wide range of residential patterns, densities, and site designs consistent with Woodinville's identified needs and preferences.	See Goal LU-8 and associated policies.
LU 3.1 Encourage development that complements the existing residential development patterns in Woodinville's neighborhoods.	See Goal LU-7 and Policies LU-7.3 and LU-7.4.
LU 3.2 Preserve the existing natural environment of Woodinville's neighborhoods.	See Policies LU-2.1, LU-7.4 and Goal LU-5 and related policies.
LU 3.3 Maintain each residential area as a safe, pleasant, and enjoyable place to live.	See Goal LU-7 and related policies.
LU 3.4 Provide controls to minimize encroachment by incompatible land uses within and between zoning districts.	See Policies LU-7.2, LU-7.3, and LU-7.5
LU 3.5 Allow lot clustering where applicable when residential development abuts sensitive areas or rural resource lands to provide open space buffers and to reduce potential land use conflicts.	See Policy LU-7.6.
LU 3.6 Encourage moderate (5-8 d.u.) and medium (9-18 d.u.) density housing throughout the community where sufficient public facilities and services are available, where the land is capable of supporting such uses, and where compatible with adjacent land uses.	See Goal LU-8 and associated policies.
LU 3.7 Permit a range of densities to encourage a variety of housing types that meet the housing needs of residents with a range of incomes.	See Goal LU-8 and associated policies.
LU 3.8 Allow for an appropriate level of flexibility in the development regulations, while balancing community goals and the need for predictability in decision making.	See Policy LU-1.3.
LU 3.9 Where appropriate, allow larger parcels with moderate density land use designations to develop with a mix of housing types, including single family, townhouse, apartment, and senior-assisted residences.	See Goal LU-8 and associated policies (e.g. Policy LU-8.4).
GOAL LU-4: To establish land use patterns that encourage a variety of commercial services and employment opportunities.	See Goal LU-9.

LU-4.1 Create a vibrant compact downtown Woodinville that is an inviting place to work, shop, live, and socialize.	See Policy LU-9.1.
LU-4.2 Encourage mixed-use development that balances residential and business uses within commercial areas.	See Goal LU-9 and Policies LU 9.1-9.3 for related existing/planned mixed-use areas within the City.
LU-4.3 Allow for appropriate development in the Tourist District that attracts tourists and still allows for uses in the underlying zoning.	See Policy LU-9.3.
LU-4.4 Provide an adequate supply of land zoned for employment to support 20-year employment allocations as required by the King County County-Wide Planning Policies.	See Policy LU-1.2.
LU-4.5 Limit expansion of neighborhood commercial centers to the size designated on the Future Land Use Map.	See Policies LU-7.5 and LU-9.5.
LU-4.6 Ensure that development in neighborhood commercial centers is compatible with surrounding residential neighborhoods.	See Policy LU-9.5.
LU-4.7 Establish special development conditions to ensure compatibility with existing uses in neighborhood commercial centers and the surrounding neighborhoods.	See above.
LU-4.8 Accommodate a wide variety of industrial land uses consistent with responsible environmental practices.	See Policy LU-9.4.
GOAL LU-5: To provide a process for siting essential public facilities.	<p>Now under Capital Facilities Chapter: Policy CFP-1.2. Coordinate planning for water utilities, sewer utilities, regional wastewater treatment facilities and other essential public facilities with those special-purpose districts for which the City collects fees, and prepare a Capital Facilities Plan that includes: <i>(also see sub-policies A-E under this policy)</i></p> <p>The City addresses Essential Public Facilities under Chapter 21.25 of the Woodinville Municipal Code.</p> <p><i>For greater compatibility with the Growth Management Act and Current Comprehensive Plan Policies, consider adding a policy under Goal CFP-1 as follows drawn from policies under Current Goal LU-5:</i></p>

LU-5.4 Coordinate with adjacent jurisdictions in the siting of essential public facilities along common boundaries.	See above.
LU-5.5 Where appropriate in the City Council's discretion, cooperate with sponsors of proposed regional and state essential public facilities through the execution of interlocal agreements regarding the siting, operation and/or expansion of such facilities within the Woodinville community. Such agreements are encouraged to the extent they would result in locally beneficial siting decisions, facilitate the sponsor's voluntary provision of enhanced mitigation measures exceeding those required by applicable regulatory standards, and/or provide for mitigation of any disproportionate financial burden on the City created by the proposed facility.	See above.
LU-5.6 To the extent consistent with the other policies of Goal LU-5, encourage exceptional, high-quality design standards and the installation, use and operation of state-of-the-art technology with respect to any essential public facilities sited in the Woodinville community. Examples of such design standards and technology may include, but are not limited to, (a) architectural methods that minimize the building footprint and visual impact of the proposed facility, (b) energy-efficient technology and building design, (c) innovative and/or state-of-the-art pollution, noise and odor control measures, and (d) utilization of recycled, reused, or otherwise ecologically-sensitive building materials.	See above.
GOAL LU-6: To plan and develop a pedestrian-oriented multimodal transportation system approach to the downtown area that accommodates the needs of retail, office, and residential uses.	See Goal LU-4 and Policies LU-4.3 and LU-4.4.
LU-6.1 Implement the street grid ordinance that provides for development of primary and secondary streets in downtown.	See Policy LU-4.1.
LU-6.2 Require non-motorized transportation facilities throughout downtown that promote pedestrian activity and ease of access to housing and commercial outlets.	See Policy LU-4.3 and Policy LU-4.4.

LU-6.3 Where feasible and desirable, incorporate transit amenities into the design of all commercial and residential development.	See above.
GOAL LU-7 To encourage and achieve multi-story mixed uses in the downtown mixed-use area.	See Policy LU-9.1, particularly sub-policy C.
LU-8.1 Encourage a mix of housing types in and around downtown for all economic segments of the community.	See Policy LU-9.1, Part A.
LU-8.2 Encourage multi-story construction that maintains existing vistas and views.	See Policy LU-9.1.B.
LU-8.3 Locate larger developments of retail and residential uses nearest freeway access and major streets.	Size and location governed by Zoning code based on intent of districts defined on pages 2-6 to 2-10. Community Design Principles addressed on pages 2-15 and 2-16. See also Policy LU-9.2. E. (Amenity Mixed-Use Area).
LU-8.4 Encourage the development of underground parking or multistory parking structures in downtown as an alternative to surface parking.	See Policy LU-9.1, Part C.
LU-8.5 Encourage mini-parks and open spaces in downtown.	See Policy LU-9.1, Part D.
LU-8.6 Establish regulations for developments in office-designated areas that protect abutting low- and moderate-density residential parcels with appropriate restrictions on height, setbacks, landscaping, and access.	<i>Office designated areas have been removed from plan (most now a part of CBD).</i> Regarding compatibility – see Policy LU-7.5.
LU-8.7 Ensure that regulations governing zoning incentives, are used appropriately to further the goals and policies of the Comprehensive Plan.	<i>No new policy directly associated with incentives – but updated goals and policies cover the other design/compatibility goals.</i> Policy LU-1.3. Adopt user-friendly and coordinated development regulations that facilitate Woodinville’s preferred land use pattern (i.e., allowed density, uses, and site provisions). Policy LU-5.3 addresses energy incentives. The Housing Element promotes voluntary density bonuses. The Environmental element addresses critical area enhancement incentives.
GOAL LU-9: To maintain the downtown area as the center for commercial, civic, cultural, and recreational activities.	See Policy LU-9.1.

LU-9.1 Encourage uses that will support day and evening activities for all ages.	See Policy LU-9.1, Part A.
LU-9.2 Encourage linkage of paths and trails from the downtown to the rest of the Town Center Neighborhood and to the entire community.	See Policy LU-9.1, Part E.
LU-9.3 Develop Sorenson School campus and purchase appropriate adjacent properties as a civic center, consistent with the City's adopted Civic Center Master Plan.	See Policy LU-9.1, Part F.
GOAL LU-10: To provide an active and diverse industrial area that promotes economic growth.	See Policy LU-9.4.
LU-10.1 Limit non-industrial use of industrial lands to uses which are complementary to industrial activities.	See Policy LU-9.4, Part A.
LU-10.2 Protect industrial lands from encroachment by other land uses, which would reduce the economic viability of industrial lands.	See Policy LU-9.4, Part B.
LU-10.3 Develop industrial lands so as to minimize impacts on surrounding lands uses, especially residential land uses.	See Policy LU-9.4, Part C.
LU-10.4 Establish new or additional industrial development that complies with the following criteria: 1. Sewer, water, and communications services should be available or planned for the industrial site area, and 2. New sites designated for industrial use should have convenient access to existing or planned freeways or major arterials.	See Policy LU-9.4, Part D.
GOAL LU-11: To annex additional areas to the City, when requested, that are appropriate for the welfare of both the City and the annexed area.	See Policy LU-1.7.
LU-11.1 Phase annexations in accordance with efficient provision of necessary services. Support annexation proposals that meet the following criteria: 1. Urban level public services (including police and fire protection, schools, transportation, sewer, water, and general government services) can eventually be provided to annexation areas, 2. The annexation does not create any pockets of unincorporated areas or special service districts, 3. The City has adopted a land use plan for the annexation area,	See above and other policies under Goal LU-1.

4. Residential areas contain potential urban densities unless environmental constraints preclude these densities, and 5. Annexations include greenbelts and/or open spaces.	
LU-11.2 Use inter-local agreements for implementation of land use policies and public improvement standards within potential annexation areas and mutual planning areas.	See above and other policies under Goal LU-1.
LU-11.3 Determine Woodinville’s Potential Annexation Areas in order to provide for annexations as requested by working with King and Snohomish Counties to review the Urban Growth Area boundary.	See Policy LU-1.7 and LU-1.8

GOAL CD-1: To promote an image of a visually cohesive community to residents and visitors.	See Goal LU-2.
CD-1.1 Develop identifiable gateways at major portals to the City.	Not directly addressed. <i>Consider adding under Goal LU-2 or under Economic Development Goal ED-5. <u>Develop identifiable gateways at major portals to the City.</u></i> <i>Planning Commission Recommendation: Added as policy LU-2.3.</i>
CD-1.2 Encourage preservation of the enhancement of views, of natural features and landmarks as valuable community assets.	See Policy E-4.2 in Environmental Element.
CD-1.3 Promote an image of quality and distinction by blending the natural and built environments.	Not directly addressed – as too broad of terms to be functionally useful in implementing provisions.
CD-1.4 Promote development that reflects Woodinville's heritage and fosters a sense of community pride.	Not directly addressed – but related provisions included under Goal LU-9 and: Goal LU-2. Protect and reinforce Woodinville’s Northwest Woodland Design Character.
CD-1.5 Enforce visual character through use of adopted Design Guidelines for commercial, industrial, and multi-family projects.	See Policy LU-1.3. Design provisions are also integrated throughout the elements’ goals and policies.
GOAL CD-2: To maintain the Northwest woodland character and heritage of Woodinville.	See Goal LU-2.

Current Plan Goals and Policies http://www.ci.woodinville.wa.us/Work/ComprehensivePlan2009.asp	Notes, Corresponding Goals and Policies in Proposed Plan: http://www.ci.woodinville.wa.us/Work/ComprehensivePlan2015.asp
CD-2.1 Identify, preserve and interpret Woodinville’s historical identity.	See Policy in Parks Element, PROS-5.3.
CD-2.2 Encourage native vegetation as a necessary component in the aesthetic and environmental quality of residential, industrial, and commercial areas.	See Land Use Policies LU-2.1, LU-2.2. B, LU-5.1 and Environmental Element Policy E-4.4.
CD-2.3 Utilize trees and landscaping to mitigate environmental degradation and buffer surrounding land uses impacted by residential, industrial, and commercial activities.	See above.
CD-2.4 Require street trees in all residential, commercial, and industrial development and redevelopment be subject to a street tree plan and program developed by the City of Woodinville.	See Policies LU-5.4, LU-5.6, and LU-6.3. (Also see Environmental Element, Goal E-4 and related regarding tree canopy and protection.)
CD-2.5 Require developments to retain existing significant vegetation, where feasible, through regulations in the Woodinville Zoning Code.	See Land Use Policy LU-2.1 and Environmental Element Policy E-4.4.
CD-2.6 Ensure City street standards conform to Woodinville Tree Board and National Arbor Society recommendations for an officially designated Tree City.	<i>Not directly addressed - High level of detail.</i>
CD-2.7 Identify and protect archaeological resources through the site development review process.	<i>Not directly addressed. Consider adding a policy under Goal LU-5: Identify and protect archaeological resources through the site development review process.</i> <i><u>Planning Commission Recommendation: Added as Policy LU-5.7.</u></i>
CD-2.8 Increase public awareness and appreciation of Woodinville’s history and culture through interpretive and educational programs in cooperation with the Woodinville Heritage Society.	See Policy PROS-5.3.
CD-2.9 Increase public awareness and appreciation of the benefits of historic preservation through outreach and educational programs. Use of interpretive signs, roadside markers, and other accessible public information on local history and historic resources should be encouraged.	See Policy PROS-5.3.
CD-2.10 Provide opportunities for public education on the value of trees, including their environmental, aesthetic and visual qualities and benefits.	See “Tree Canopy” discussion in Environmental Element. See Goal E-4 and related policies – policies promote tree protection and replanting. Education could be one means of the City’s implementation of the policy.
GOAL CD 3: To promote quality design that preserves and enhances the character of Woodinville.	Integrated throughout LU and Community Design goals and policies.

COMMUNITY DESIGN (integrated into Land Use Element)	
Current Plan Goals and Policies http://www.ci.woodinville.wa.us/Work/ComprehensivePlan2009.asp	Notes, Corresponding Goals and Policies in Proposed Plan: http://www.ci.woodinville.wa.us/Work/ComprehensivePlan2015.asp
CD-3.1 Integrate new development with the existing character of the surrounding area when the existing development already conforms to these goals and policies. The architectural style of new development should take into consideration the architecture of the surrounding neighborhood in style, scale, and choice of materials.	Integrated throughout LU and Community Design goals and policies – though this provision gets into a level of detail much higher than necessary. Notable applicable proposed goals/policies: Policy LU-7.2 and Policy LU-7.3
CD-3.2 Develop a street tree plan for each residential, commercial, and industrial neighborhood in the City.	Not directly addressed. Environmental Element Objectives cite City tree programs and plans: Exhibit 9 2. Environmental Objectives and Tools.
GOAL CD 4: To create pedestrian friendly environments in Woodinville.	Goal LU-4. Provide a safe, efficient, and attractive circulation network that continues to enhance multi-modal capabilities.
CD 4.1 Create human scale pedestrian amenities in Woodinville.	See Policy LU-2.2, Part A.
CD 4.1 Create human scale pedestrian amenities in Woodinville.	See above, plus: Policy LU-4.3.
CD 4.2 Require appropriate design standards, as well as other techniques and methods in the development of pedestrian-oriented areas, to enhance pedestrian safety.	See Goals LU-3, LU-4 and LU-6 and related policies.
CD 4.3 Plan for safe and convenient pedestrian traffic in the design of streets and building facades.	See Goal LU-4 and Policy LU-9.1, Part B.
CD 4.4 Promote and plan for pedestrian/bicycle connections to and through residential neighborhoods.	See Policies LU-4.1, LU-4.2 and LU-4.3.
CD 4.5 Where appropriate, encourage landscaping rather than fences, walls, or other structures that impede pedestrian travel along the perimeter of residential, commercial, and industrial land uses. If fences or walls are planned, convenient breaks for pedestrians should be included.	<i>Very high level of detail. Related design provisions included in Land Use and Community Design Element.</i>
GOAL CD 5: To encourage the arts as a vital contributor to community design.	See Goal PROS-5 and Policy PROS-5.2.
CD-5.1 Encourage a variety of artwork and arts activities in public places, such as parks, public buildings and plazas.	See above.
CD-5.2 Support efforts to expand arts resources in the community, such as arts and crafts learning opportunities, art exhibits, shows, and competitions.	See above.

CD-5.3 Encourage private developments to incorporate artwork into the design of their projects	See above.

HOUSING ELEMENT	
Current Plan Goals and Policies http://www.ci.woodinville.wa.us/Work/ComprehensivePlan2009.asp	Notes, Corresponding Goals and Policies in Proposed Plan: http://www.ci.woodinville.wa.us/Work/ComprehensivePlan2015.asp
Goal H -1: To preserve existing housing and neighborhoods and provide a diversity of housing types that promote housing opportunities for all economic segments of the City’s population.	Preserve existing housing: See Goal H-4 and Policy H-16. Diversity of Housing Types: See Goal H-1. Housing Opportunities for All Segments: See Goal H-2.
H-1.1 Allow for a variety of housing types and lot sizes through mixed use development and small and large lot single family development, townhomes, duplexes, multiplexes, apartments, manufactured housing, mobile home parks, and accessory dwelling units.	See Policy H-1, similar, with rearranged list.
H-1.2 Promote housing ownership opportunities for people at all economic levels in the City.	See Housing Objectives in Exhibit 3-9. See Goal H-2, particularly Policies H-4 and H-9.
H-1.3 Adopt and periodically update, a Housing Strategy Plan and Work Program which outlines specific housing strategies to be considered in addressing the City’s housing needs and goals.	See Housing Action Plan: new Initiatives in Exhibit 3-10.
H-1.4 Define residential land use regulations to allow for development that will accommodate a range of incomes by providing for a variety of housing types and cost. Regulations shall include provisions such as: <ol style="list-style-type: none"> 1. Requiring minimum densities for subdivisions to ensure full land use where urban services are provided, 2. Allowing for bonus densities in developments that meet certain community goals such as senior housing, housing affordability, proximity to transit, dedication of parks/trails/open space, preservation of historic landmarks, energy conservation, protection of sensitive areas, and tree preservation, 3. Permitting high density for low income elderly housing projects when consistent with the Housing Strategy Plan and other applicable land use policies, and 4. Providing flexible subdivision standards subject to adopted criteria. 	See Goal H-2. #1: Not directly addressed. Policies support a land use plan that provides capacity to meet targets and a diversity of housing. See Policy H—3. Also, minimum density is required in the City’s Municipal Code. #2: See Policy H-9 (i) on voluntary development bonuses. #3: See Policy H-12 and H-13 as well as general allowances for variety and affordability in Policies H-1 and H-9. #4: See Policies H-1 (ii) and H-3.

H-1.5 Support additional affordable housing with the goal of meeting the targets established and defined in the Growth Management Planning Council Countywide Planning Policies for low and moderate income housing. These Growth Management Planning Council targets are: 1. 17% of growth in new households affordable to moderate-income households, and 2. 24% of growth in new households affordable to low-income households. (Note: Units may be either new or converted.)	See Policies H-3, H-5, and H-6.
H-1.6 Provide incentives for moderately priced housing ownership through flexible lot size requirements and permitting townhome and condominium housing.	See Policy H-1 (ii).
H-1.7 Encourage preservation and maintenance of existing affordable housing.	See Policies H-10 and H-16.
H-1.8 Work in partnership with public and private groups to seek resources for a balance of affordable housing development types and needs.	See Policy H-5 as well as Goal H-5 and associated policies.
H-1.9 Promote regulatory efficiency to minimize the cost of housing development.	See Policy H-1 (iii) regarding ADUs that was identified as a need in housing assessment (Existing Conditions Inventory); other items could be identified through Action Plan to develop Housing Strategy Plan, Exhibit 3-10.
H-1.10 Encourage the building of affordable housing compatible with existing residential development.	See Policy H-2 on infill development and H-18 regarding all types of residential development being compatible.
H-1.11 Promote the development of housing for seniors of all incomes.	Policies H-12 and H-13.
Goal H -2: To promote safe, physically accessible, and clean residential environments with associated open spaces.	See Goal H-4, and Policies H-16, H-17, and H-18.
H-2.1 Require common, convenient, and usable open space in residential development, such as on-site pocket parks or trails.	See Policy H-17(i) and Parks Element.
H-2.2 Encourage preservation, maintenance, and improvements to existing residential structures by: 1. Conducting a periodic survey of housing conditions and neighborhood environments to identify maintenance and restoration needs of older neighborhoods, and	See Policy H-16.

2. Seeking and promoting resources that provide financial and other assistance to citizens for maintaining or repairing health and safety features of their homes.	
H-2.3 Maintain traditional single family subdivisions and promote creative site planning regulatory measures to increase variety in living opportunities in residential neighborhoods, downtown, and other commercial areas by: 1. Allowing accessory dwelling units in single-family houses or on single-subject to specific development, design, and occupancy standards, 2. Providing incentives to encourage creative neighborhood design and layout concepts, and 3. Encouraging mixed use (commercial/residential) developments in the downtown where such developments are financially viable and market driven.	See Policy H-1, note that “maintain traditional single family subdivisions” is removed. 1. See Policy H-1 (iii). 2. See Policy H-1 (ii) and H-17 (iv). 3. See Policy H-1 (i).
Goal H-3: To provide housing opportunities in Woodinville for people with special needs.	See Goal H-3
H-3.1 Encourage social and health service organizations that offer new housing programs and facilities for people with special needs.	See Goal H-3, and Policies H-13 and H-15.
H-3.2 Support the development of emergency, transitional, and permanent supportive housing with appropriate on-site services for persons with special needs throughout the City and region.	See Policy H-14.
H-3.3 Support development of special needs housing that serves local residents and is located in Woodinville and/or elsewhere on the Eastside.	See Goal H-3, and related policies H-12, H-13, H-14 and Goal H-5.
Goal H-4: To work with other jurisdictions to develop a coordinated, regional approach to meeting the housing needs of King County, Eastside, and South Snohomish County communities.	See Goal H-5.
H-4.1 Work cooperatively and in partnership with King County and Snohomish County, interjurisdictional agencies, other jurisdictions, and private groups (profit and non-profit) to determine an equitable regional need for future distribution of affordable housing for low and moderate income families and housing for special needs.	See Policies H-5 and H-6, and H-19 and H-15.

H-4.2 Coordinate City housing goals, policies, and strategies with regional growth, transit, and employment policies.	See Policy H-19.
H-4.3 Work to increase the availability of both public and private dollars on a regional level for affordable housing.	See Policies H-6, H-7 and H-8 and Goal H-5 and associated policies.
H-4.4 Support and encourage housing legislation at the county, state, and federal levels which would promote the City's housing goals and policies.	See Policy H-20.
H-4.5 Participate in regional discussions to learn of programs and policies that could address the housing needs of the City's residents.	See Goal H-5 and related policies which addresses regional cooperation and discussions.
H-4.6 Continue membership in interjurisdictional agencies to assist in the provision of affordable housing on the Eastside.	See Policy H-21

HUMAN SERVICES	
Current Plan Goals and Policies http://www.ci.woodinville.wa.us/Work/ComprehensivePlan2009.asp	Notes, Corresponding Goals and Policies in Proposed Plan: http://www.ci.woodinville.wa.us/Work/ComprehensivePlan2015.asp
Goal HS-1: To support a safe, friendly, functional community in which human services and resources are accessible and affordable to all individuals and families.	<p>A Human Services Element is not a requirement of GMA.</p> <p>The Housing Element does reference human services as follows:</p> <p>Goal H-3. To provide housing opportunities in Woodinville and support for human services for people with special needs.</p> <p>Policy H-15. Enable individuals to meet their basic physical, economic, and social needs by promoting an effective human services delivery system.</p>
HS-1.1 Encourage human service providers and programs to locate in the Woodinville area for easier access by residents.	
HS-1.2 Coordinate Land Use, Housing, Transportation, and Capital Facilities elements to support human services policies.	
HS-1.3 Encourage appropriate and affordable human service programs for residents of special needs housing programs.	
HS-1.4 Promote development regulations and standards that support special needs.	
Goal HS-2: To promote a variety of human services that reflect and respond to human needs of the community.	
HS-2.1 In cooperation with appropriate state and local agencies, actively promote action-oriented programs that provide accessible youth-related services.

HS-2.2 Emphasize life skills oriented programs to promote the well-being of the community.	
HS-2.3 Support programs that address childhood depression and drug/alcohol abuse.	
HS-2.4 Support programs that provide accessible day care and other needed services for families.	
HS-2.5 Support programs that address the additional need indicators as assessed annually for the Human Services Funding Policy Program.	
HS-2.6 Support social services that provide preventative programs.	
HS-2.7 Provide resources for coordinating and disseminating resource information of available regional human services by identifying human service needs and resources available in the area.	
Goal HS-3: To ensure that the community is aware of human services and resources that are available to them.	
HS-3.1 Work cooperatively with other jurisdictions to refer those in need to appropriate human services.	
HS-3.2 Coordinate with public and private community organizations and local media to inform residents of available services and resources.	
HS-3.3 Encourage accessibility of human services and resources information in a manner that alleviates or addresses any communication barriers.	
Goal HS-4: To maintain the City of Woodinville's Emergency Comprehensive Management Plan and program to promote the education of residents in areas of disaster preparedness and response.	<p>The topic is addressed in the Transportation Element: Policy T-3.3. Allocate resources in the City's transportation capital investment program to:</p> <p>A) Ensure public health and safety concerns, including emergency response, disaster planning, and exposure to vehicle emissions;</p> <p>The City does maintain a Comprehensive Emergency Management Plan (CEMP) - a requirement of the State. <i>Consider adding reference to the Emergency Comprehensive Management Plan in the Capital and Public Facility Element such as under goal CFP-1: <u>Maintain the City of Woodinville's Emergency Comprehensive Management Plan and program to promote the education of residents in areas of disaster preparedness and response.</u></i></p>
HS-4.1 Work cooperatively with Woodinville Fire and Life Safety District, King County and other Zone 1 (Eastside) cities in the development of plans and programs to provide mutual aid and support to all our citizens during an emergency event.	
HS-4.2 Participate in state and local emergency exercises and training programs.	
HS-4.3 Provide emergency preparedness information to the public.

GOAL ED-1: To take a positive, partnership role in retaining and enhancing the existing diverse and vital economic base in the City by assisting existing firms and welcoming new firms that will enhance the quality of the economic base.	Goal ED-1 is focused on growing, attracting, and retaining businesses. It is also directly from the City's 2008 Economic Development Strategic Plan.
ED-1.1 Maintain and enhance the existing level of industrial development which may allow a mixture of business and employment opportunities.	Policy ED-1.1 Targeted business sectors have been identified based on Economic Development Strategic Plan. Support for mix of business is in Policy ED-1.1. Support for industrial uses through infrastructure in Policy ED-1.3. (Note suggested typo correction: Identify and evaluate funding alternatives for road improvements, as an economic asset . The text on economic assets is part of part of the next policy on Parks.) <i>Planning Commission Recommendation: Change made.</i>
ED-1.2 Provide assistance to the public, applicants, and developers through an efficient and economical permitting process as a means of enhancing the City's goal for quality customer service.	See Policy ED-1.4 A and Policy ED-1.6(C).
ED-1.3 Offer a menu of incentives for businesses to develop or expand in a manner consistent with the goals and policies of the Comprehensive Plan.	See Policy ED-1.4 B. Language is the same.
ED-1.4 Plan for infrastructure to: 1. Accommodate redevelopment, infill development, and new development, 2. Mitigate the adverse impacts of such development, and 3. Meet or maintain level of service standards in both residential and non-residential areas.	See Policy ED-1.3. See Transportation Element.

<p>ED-2.3 Encourage continued high-quality housing for a mix of income levels, recognizing that availability of a mix of housing is closely related to the quality and quantity of businesses and the job base.</p>	<p>See Policy ED-3.1. See Economic Development Element Action Plan referencing implementation of Housing Element as key part of implementing goals.</p>
<p>ED-2.4 Encourage a balance of quality residential areas and employment opportunities within the City to minimize commute distances and maintain a high level of well-paying jobs.</p>	<p>See Goal ED-3 and Policies 3.1-3.4. See Housing Element regarding need for jobs-housing balance.</p>
<p>ED-2.5 Improve the aesthetics and site designs of existing City-owned non-residential developments through landscaping and urban design principles.</p>	<p>Community design policies are largely found in Land Use Element for all development types. Downtown is specifically called out in Policy ED-2.1. See Policy ED-3.3 which mentions parks, trails, and “green canopy”.</p>
<p>ED-2.6 Evaluate incentives for the private sector to improve the aesthetics of existing non-residential sites.</p>	<p>Community design policies are largely found in Land Use Element for all development types. Encouraging businesses to make Woodinville a better place to live and work, see Policy ED-3.4.</p>
<p>GOAL ED-3: To address the potential increasing shortage of commercial and industrial land within the City’s current boundaries.</p>	<p>See Policy ED-1.4 (E). Also, Land Use Element addresses capacity for jobs.</p>
<p>ED-3.1 Maintain a current inventory of available land for non-residential redevelopment and new development, and carefully assess the most appropriate zoning category based on future employment needs consistent with the community vision and character.</p>	<p>See Policies ED-1.4 (E) and ED-2.2. ED-3.3 Preserve the amount of land in the Comprehensive Plan designated for commercial and industrial development.	Policy ED-1.4 (E) describes having right amount of land. Also, Land Use Element Policy LU-9.4.
GOAL ED-4: To recognize and support the commercial districts within the City.	See Policy ED-1.5. Also see Goal LU-9 and related policies.
ED-4.1 Build on Woodinville’s strengths in regional tourism and recreation by linking these areas with other parts of the community.	See Goal ED-4.
ED-4.2 Encourage the non-residential areas abutting the freeways, highways, arterials, and railways to present a more aesthetically appealing image of the community.	See Land Use Element, Policy LU-2.2.
ED-4.3 Develop programs and projects which encourage a healthy, vibrant business community and set priorities for capital facilities, such as a downtown master plan, and Little Bear Creek corridor plan.	See Policy ED-2.1. See Action Plan for reference to appropriate master plans.
ED-4.4 Continue to monitor and refine, as necessary, programs and projects which, encourage a healthy, vibrant business community. These programs and projects include: General Business, Commercial, Industrial & Multi-family (as commercial real estate) design principles and guidelines, and tourist district master plan.	Design principles covered in Land Use Element. See Economic Development Action Plan for reference to appropriate master plans.
GOAL ED-5: To coordinate with other jurisdictions to ensure regionally sound economic development.	See Policy ED-1.3 B (4) regarding infrastructure. Also Policy ED-1.2 regarding regional planning.
ED-5.1 Participate in regional planning efforts to develop strategies that promote economic diversification.	See Policy ED-1.2.
ED 5.2 Study and identify Woodinville’s role in the regional economy to understand our impact to other jurisdictions.	Addressed in Economic Development Strategic Plan, that led to target sectors in Policy ED-1.1.
ED-5.3 Cooperate with other jurisdictions to identify and plan common infrastructure needed for economic development.	See Policy ED-1.3 B (4).

CF-5.1 Plan for infrastructure and funding strategies in cooperation with other governmental jurisdictions and private agencies. This planning should take into account economic development goals and consider the costs to, and benefits for, the jurisdictions and the region.	See Policy CFP-3.2 under Goal CF-4. (Note need to make policy numbering consistent with element format.)
CF-5.2 Utilize the following guidelines for any imposition of impact fees on new development by the City of Woodinville: 1. Fees shall be imposed only for system improvements that are reasonably related to the new development, 2. Fees shall not exceed a roughly proportionate share of the costs of system improvements that are reasonably related to the new development, 3. Impact fee revenues must be balanced with other public revenue sources to finance system improvements which serve new development, 4. Proceeds shall be used for system improvements that will reasonably benefit the new development, and 5. Proceeds shall not be used to correct any existing capital facility deficiencies.	See Policy CFP- 4 5.1 – broadened to reference law rather than list details in element. See Exhibit 7-1: Capital Facility Objectives on impact fees.
CF-5.3 Consider the exemption of certain land uses, such as affordable housing, which have broad public purpose from payment of impact fees when adopting any impact fee ordinance.	Not in Capital and Public Facility Element. See Housing Element Policy H-9(ii).
CF-5.4 Maintain and enhance regional and area-wide capital and public facilities through an adequate and equitable set of user charges.	Not in proposed plan.

U-2.3 Maintain building codes and plumbing codes to require water conservation devices for new construction.	Not included. City adopts the International Building Code and Plumbing Code. These could be covered under the general policy proposed below.
U-2.4 Encourage and support conservation strategies aimed at reducing average annual and peak day water use. These can include such strategies as: 1. Billing rate structures, which encourage conservation, 2. Water restrictions at appropriate times, and 3. Public education and the use of appropriate signage where beneficial.	Not included. <i>Consider including in Environment Element a portion of the policy under Goal E-6: <u>Encourage and support conservation strategies aimed at reducing average annual and peak day water use.</u></i> <i>Planning Commission Recommendation: Added as <u>policy E-6.5.</u></i>
U-2.5 Recognize the water facilities document known as the Woodinville Water District 2000 Comprehensive Water Plan as part of this Comprehensive Plan.	See Capital and Public Facilities Element, page 7-10. Current plan to be incorporated by reference.
U-2.6 Recognize the sewer facilities document known as the Woodinville Water District 1993 Comprehensive Sewer Plan (or most current update) as part of this Comprehensive Plan.	See Capital and Public Facilities Element, page 7-10. Current plan to be incorporated by reference.
GOAL U-3: Require connection to the wastewater system when development or subdivision of land occurs, only for land that has a density greater than one unit per acre, except when the City determines that the connection is not technically feasible.	See Capital and Public Facilities Element Goal CFP- 67 . Language is the same.
U-3.1 Encourage conversion from on-site wastewater disposal systems as sewer lines become available.	See Capital and Public Facilities Element Policy CFP- 67 .1. Language is the same. <i>Planning Commission Recommendation: This policy was <u>deleted.</u></i>
U-3.2 Limit the use of on-site wastewater disposal systems to areas where the zoned density is one unit per acre and only if soil conditions are suitable and groundwater would not be negatively impacted.	See Capital and Public Facilities Element Policy CFP- 6-27 .1 (as newly numbered). Language is the same.
U-3.3 Support a regional approach to wastewater treatment for transmission and treatment of Woodinville's wastewater.	See Policy CFP-1.2 for reference to coordinated planning for regional wastewater service.
U-3.4 If on-site waste water disposal system failures occur in low-density areas of one dwelling unit per acre, septic tank management and/or alternative methods of sewage disposal should first be considered. might occur. Excess capacity shall not be a reason to allow growth out of sequence with the land use plan.	
GOAL U-4: A regional approach should be taken to surface water management, with responsibility shared among the counties and affected jurisdictions. This approach should emphasize prevention of water quality degradation through education programs and implementation of Best Management Practices to reduce pollution entering surface waters.	Goal CFP-87 and associated policies are broader and focus on adoption of best management practices, Ecology manual, and National Pollutant Discharge Elimination System requirements to avoid degradation of water quality and manage stormwater. Environmental Element E-3.4 promotes Low Impact Development standards.
U-4.1 Work with the other agencies to undertake joint planning, financing and development of regional storm water detention and flood control projects to mitigate run-off impacts on natural water systems and their associated ecosystems, and reduce damage to adjoining properties.	See above.
U-4.2 Follow a coordinated facilities strategy that preserves and enhances the natural drainage ways and other natural storm water systems to minimize run-off impacts from development.	See above.
U-4.3 Allow storm water retention/detention facilities to be used as partial fulfillment of open space requirements when aesthetically and environmentally acceptable to the City. In determining the degree to which this is allowed, consideration will be given to the nature of the development.	See above.
U-4.4 Design storm water facilities such that peak rate of flow from a property shall approximate pre-development levels.	See above.
U-4.5 Strive for pre-development levels of infiltration per adopted requirements in the design of storm water management facilities.	See above.
U-4.6 Retain open channel drainage systems, natural or man-made, and encourage new systems when feasible.	See above.
U-4.7 Design and construct storm water management systems to minimize adverse impacts to natural water systems and ground water aquifers.	See above.
U-4.8 Establish Stormwater Utility standards to address methods to control run-off during construction to limit erosion, siltation, and stream channel scouring.	See above.
U-4.9 Work with state and regional agencies to develop and implement policies in the Stormwater Management Manual for the Puget Sound Basin.	See above.

U-4.11 Continue to use and officially adopt the King County Surface Water Design Manual, as amended, or other manual consistent with the State Department of Ecology’s Stormwater Technical Manual.	See Capital and Public Facilities Element, Goal CFP- 7 <u>8</u> and Policy CFP- 7 <u>8</u> .1
GOAL U-5: Encourage reduced energy consumption, conservation, the use of renewable technologies, and energy responsible land use decisions.	Goal U-2, language is the same.
U-5.1 Consider cost-effective energy conservation technologies including, but not limited to, site plans, construction methods, materials used, and landscaping and development regulations. Such technologies for methods and materials shall also promote practices that do not compromise human health conditions when occupied or used, reduce the need for future additional utility distribution facilities, and leave options for increasing conservation technologies in the future.	See Policy U-2.1. Language is similar, proposed plan language eliminates some description but is essentially the same.
U-5.2 Coordinate with the current electrical provider when considering land use designations or new development in the vicinity of proposed utility facility to ensure compatibility.	See Policy U-2.2 Language is largely similar with minor edits in proposed plan.
U-5.3 Support the availability of telecommunications systems and telecommuting as a means to mitigate the transportation impact of development and growth.	See Policy U-2.3. Language is the same.
U-5.4 Require the underground installation of new electrical distribution lines where reasonably feasible and not a health or safety concern, and encourage underground placement of existing distribution lines as streets are widened and/or areas are redeveloped through such tools as local improvement districts, consistent with Washington Utilities and Transportation Commission tariffs.	See Policy U-2.4. Language is the same.
U-5.5 Devote resources to encourage and enforce the Washington State Energy Code during the building permit process.	See Policy U-2.5. Language is the same.

Page 2-3 of the Parks, Recreation, and Open Space Plan Update defines types of public parks including resource and open space lands as:

Resource and open space lands are defined by areas of natural quality for passive use or nature oriented outdoor recreation. They should encompass lakes, streams, marshes, flora, fauna, topography and other diverse or unique natural resources. Recreational use, such as an interpretative trail, viewpoint, exhibit signs, picnic areas or other features, may be secondary, non-intrusive uses of the property.

It is recommended that this definition be included in the Draft Parks and Recreation Element – such as in a side bar to help define open space.
